

Aluminium Bi Folding Door Update

Dear Customer

We can now announce that the award-winning Safeguard aluminium bi folding door by Stellar is now available on a two-week lead time

Safeguard aluminium by Stellar has been many years in the making - designed to be stunning, thermally efficient and secure, it is also one of the most "fitter friendly" products in the industry.

Our goal therefore, was to make the full aluminium order cycle just as simple and efficient with the following time saving benefits -

- **Less time waiting for quotes with our free online quotation software and simple bi folding door pricing structure.**
- **Less admin time as we supply frames and glazing supplied on the same Delivery.**
- **Less time waiting - standard two-week delivery on all house colours and scheduled delivery times***
- **Less time on site – Quicker installation as all frame and sashes are pre gasketed.**
- **Less "call backs" – The no 1 cause of call backs to aluminium is for "shrinking" gaskets – this is massively reduced when frames are pre gasketed.**
- **Less stress – more free time – more profit.**

*House Colours are – Grey, Grey on White and White.

For more information on any of our aluminium products please contact your area sales representative or email to pcresswell@heritagetradeFrames.co.uk

Quicker and easier Installation.

Stellar aluminium systems come with pre-gasketed frames to reduce costly installation time and reduce those dreaded "shrinking gasket" service calls.

Fully flush windows and doors.

Create the contemporary look that your customers demand. Stellar windows and doors have slim sightlines and a flush finish internally and externally to create a stunning aesthetic that residential customers will love.

High security Windows.

Stellar windows and doors were designed to be internally beaded, as a result they achieve PAS 24 without any costly additions, meaning they are a great, competitive product for larger commercial applications.

Designed and Manufactured by experts.

Designed from scratch following extensive

research into what the industry wanted from an aluminium system. With its time saving innovations, Stellar is an installers dream.

Creating Beautiful spaces.

Seamlessly match your windows, residential doors and bifolds to delight your customers and keep those priceless recommendation's flowing.

Marketing that will Delight All.

We have covered all areas - from homeowners and the trade to architects and commercial specifiers - our targeted range of brochures will speak any customers language.
